## ABOUT THE COLLEGE

The Lions Club of Malad-Borivali, an international social organisation realized the necessity of establishing a Commerce College in the western suburb of Mumbai-Malad in 1972 to cater to the needs of the society. The vision envisaged by the stalwarts of the Club was finally converted into reality and the foundation stone of the college was laid in April, 1972, with a handsome donation from the Dalmia family of Prahladrai Dalmia Charity Trust. Within a record period of 100 days the college building was completed. The college was inaugurated by Mr. T. K. Tope, the then Vice Chancellor of Bombay University.

The Institution that started 50 years ago with 450 students, has today become one of the premium institutes with 6500+ students in the western suburbs. The College endeavors for academic excellence and promotion of co-curricular and extracurricular activities that promote resilience, creativity and leadership qualities among the students. The College lays great emphasis on inculcating in its students the importance of ethics, hard work and commitment to excellence.

It provides a platform for students to organize various sports and cultural events to participate in various intercollegiate events and to achieve excellence in extra-curricular activities.

## Message from our Chairman

In three words I can sum up everything I've learned about life. IT GOES ON." - Robert Frost

All of us across all walks of life are witnessing an unprecedented event in our lifetime, Academic institutions are no different; all of us have been overhauled alike. Adapting to the current times and overcoming them is the need of the hour. However, it is re-assuring for decision makers like me that like a real leader at the time of Crisis, our institution, Prahladrai Dalmia Lions College of Commerce & Economics and its entire workforce has stood tall, and ensured that the academic delivery, exams and other curricular activities were conducted unhindered.

Yes, I admit that the sudden change of methods, technology infusion, remote online classroom sessions have been of great discomfiture to the teachers, students and the support staff alike. But the steadfast turnaround displayed by our team under the able leadership of Dr. Kiran Mane, I/C Principal and the teams led by Vice Principals Prof. Madhavi Nighoskar (Degree Aided), Prof. Subhashini Naikar (Degree-Unaided) and Ms. Kiran Mishra and Mr. Anil Bagade (Incharges Junior College) have us, members of Governing Council wanting for words of gratitude.

To match the undeterred service provided by the College Team, we decided to utilize these challenging times for the betterment of the college infrastructure. I am happy to announce that Governing Council was unanimous in releasing requisite funds and resources to renovate and transform existing infrastructure. The General Auditorium, Conference Room, student's washrooms, Principal's cabin, Non-teaching Dry Cafeteria is upgraded to a state-of-art 3 star facility. We have also upgraded 2 class rooms to technology laced – 'Smart Classrooms' and installed the much awaited Rain Water Harvesting Technology- improving our sustainability quotient. With a new coat of paints, and other amenities, we are sure that the new batch of students would find an entire new college building ready to welcome them dearly. I am duty bound to mention the valuable service of our senior member Lion Kamal Ruia, Vice Chairman Governing Council for his rigorous follow up and supervision of the above said projects, and the youngest leader Lion Atit Ruia for his visionary inputs. Their support along with our other members of the Governing Council, despite the Covid scare gives us the confidence to drive forward.

There are yet many achievements to be mentioned, but are being withheld as the Covid19 protocols limit the capacity of University offices to approve new proposals. However, we are happy that LIC Team has visited the college for scrutiny of the proposed Research Centre of Commerce & Economics and have submitted a positive report.

The pandemic effect has had a serious impact on the academic cycle, as many things remained ambiguous. This in turn affected the admissions and increased drop out percentages amongst student of many institutions around Mumbai. But again, our stellar team of teaching and non-teaching staff, have upheld the quality admissions, even in the increase of intake capacity.

I personally thank those Samaritans with benevolent heart who have sponsored the academic fees of some of our students. The Governing Council is pleased to announce a special provision of 2.5 lakhs towards financial aid to deserving candidates. Kudos to all the achievers and supporters!

The road ahead is tough, but I am sure that we could work as a team and Triumph over the pandemic from our life. I urge everyone to follow Covid19 Protocols and assist the administration for effectively controlling the spread and treatments. If anyone can support financially or through social ventures in the trying times, it would be great!

Prahladrai Dalmia Lions College of Commerce & Economics is entering into its Golden Jubilee year and this year is important. Let us look ahead, and with the same resolve we shall strive for a better future for all of us, for all humanity.

In the words of Og Mandino, "I will love the light for it shows me the way, yet I will endure the darkness for it shows me the stars."

## Secretary's Message

Report card of the college is excellent. Due to Covid and lockdown, classes were conducted on virtual platform. We feel sorry for those students who could not enjoy college and canteen life, nor showcase their talents in various fields. During this period of crisis, under able leadership of Incharge Principal Dr. Kiran H. Mane and equally supported by teaching and administrative staff, college has performed very well. In the past, I have seen that we have produced thousands of Corporate Leaders, Public leaders, Chartered Accountants and Media Persons. They have travelled from Classroom to Boardroom of Public Limited Company. We make education a purposeful, meaningful and enjoyable experience.

We give due weightage and importance to the grievances of students and solve the same by not taking it lightly and casually. In spite of the economic meltdown due to Corona lockdown, we are continuously increasing basic amenities and other facilities for students and staff members.

- ❖ Let us all march ahead for a better tomorrow.
- ❖ Together we can and always will make a difference.
- ❖ Be positive in life and wish negative Corona test for all.
- ❖ We extend our whole hearted support to economically backward students.

## From the Principal's Desk

I am indeed proud to be given the charge of this esteemed institution that has won laurels in varied fields for the past decades and made a mark for itself in the western suburbs as a premier educational institution. Given the troubled times of Covid 19 all my teaching and non-teaching staff took upon themselves the challenges that the pandemic brought with itself. Combating with getting updated with the online teaching learning methodology, switching from blackboards to Jamboards, from lecture method to interactive audio-visual presentations on online platforms, from classroom interactions to Google classrooms – all was learnt within a record period.

With the closure of educational institutions during the lockdown, news reports indicate that approximately 1.72 billion learners have been affected worldwide, and around 32 crore in India alone, resulting in high socio-economic costs for education stakeholders. The challenges that the teachers have faced are tremendous, apart from just getting internet savvy and using the entire technical prowess to keep the online students interested and motivated mentoring them online was also an uphill task. Online counselling in these trying times has been tremendously stressful even for the teachers as navigating pandemic issues at home and reaching out to students in distress was equally challenging but our teachers' efforts have been commendable.

We have all tried our level best in trying to use the video conferencing facilities in maintaining proper communication and following the social distancing norms so as to keep the herald of this pandemic away.

The pandemic has resulted in the exodus of many parents for loss of livelihoods thereby resulting in problems for students. The digital divide which we used to talk about was faced as a reality in a span of just two months. Reports have been galore about how the paucity of adequate resources forced students to drop out. Facing all these challenges has been a mighty uphill task for most of all; but I am proud to say we have emerged strong.

Having used the online digital form of communication we are now surer that lack of human touch will not help furthering the cause of education. "If I've gotten better at teaching over the years, it's not because I've learned more about my subject; it's because I've learned more about kids." If this is what every teacher like Monte Syrie thinks, then online teaching makes it challenging to actually know our students. Thus it is time for all academicians to rethink the pedagogical challenges that the digital transformation has brought with itself. And all teachers together can achieve this as Ratan Tata says, "If you want to walk fast, walk alone. But if you want to walk far, walk together."

## Institutional Distinctiveness

Our college adheres to the motto of “Vyaparey Seva” which also encapsulates the vision of “progress and development of the society, keeping in mind...the values of humanity and social responsibility.”

Our forte is social outreach and we abide by our core values which also include “Each one Reach one”. We aim to intensify our endeavor of – Each One Reach One – in order to infuse the value of “Vyaparey Seva” in our students and all those connected with our institution.

To fulfill the aims, our students have taken up several projects to meet the challenges of the Covid19 pandemic:

- ❖ Reaching out to students: We had the institution gearing up for reaching out to the maximum number of people we could in our own little but significant ways. The management of the college extended their generosity and reached out to students who were in need of help regarding their payment of fee, students were given installment facilities and fee payment was deferred until they were able to make the payments.
- ❖ Inspire to Serve project : The Lions Club of Malad-Borivali ,floated the Inspire to Serve project where in students under the mentorship of the teaching staff were encouraged to work on social service projects. The following projects were funded by the management:
  - Sanjay Gandhi National Park Adivasi Project
  - Kranti Nagar Women’s Empowerment Project
  - Education for Children
  - Healthy Habits Projects
  - Serving the Need
- ❖ The Disaster Management Cell: The Disaster Management Cell of our college took the initiative to reach the unreached. With the intention of sharing their burden in whatever little way we could, we decided to distribute at least an important part of the monthly groceries which a family requires to survive. Accordingly, we took the help of an NGO named Parivartan Sheel Sanstha, who has been working amongst the workers from unorganized sectors in Kandivali(East) and Malad(East) for the last decade. The teachers from senior college contributed. In the months of April and May 2020, a Dry Ration Kit containing Rice, Wheat, and Cooking Oil was distributed to 51 families of workers working in the unorganized sector, residing in the slums of Appa Padain Malad(East) as well as Kranti Nagar in Kandivali(East).

# Quality Assurance System

The Teaching-Learning Process (TLP) is the crux upon which the quality of the institution rests, thus it is minutely planned and monitored. The Internal Quality Assurance Cell of the college has developed a systematic well-planned Teaching-Learning Process (TLP):

The following steps are followed in the planning of the TLP:

1. Study of External and Internal Issues, Analysis of the Needs and Expectations of Interested Parties & Risk Log.: A thorough study of Internal and External issue related to the Institution, an Analysis of the Needs and Expectations of Interested Parties and a Risk Log analysis is created and listed along with the level of probability – Low/ Medium/ Moderate, the level Impact of the Risk, the existing controls for the process and the additional actions to be taken in confronting the risks are then discussed, formulated and put in process.

2. On the same lines an Opportunity Log is also charted.

3. At the macro level Quality Objectives are set after analyzing areas that require quality enhancement.

4. Academic quality improvement, attendance, Students Satisfaction Score, and Faculty up-gradation are the focus of the Quality Management Program of the current year.

5. The Teaching-Learning Process is summed up in the Process Flow Chart given as follows:

5.1 Departmental Plan: The syllabus is received as per the guidelines of the University of Mumbai. The departments then plan out the departmental activities at the beginning of the academic session. A proper format (DI / P-Dp/TLP/00) is followed to plan out the departmental activities. The objectives of the department are mapped. The learning outcomes of the courses taught are analyzed. The SWOC analysis of the department is done in a collaborative manner. Steps to be taken to decrease the weaknesses and meet the challenges are discussed and articulated clearly. Steps to be taken to improve the quality of the teaching-learning process are enumerated. Activities – curricular and co-curricular are planned in advance. The 'Best practices' that the department is to undertake or continue and the teacher(s) that would undertake the responsibility is also enumerated in black and white.

5.2 The departmental workload is then distributed and recorded (DI/ R-WL-L/TLP/ 00).

5.3 Delivery Planning: On the basis of the syllabus and workload distribution every Individual teacher then drafts the Teaching Plan for the course to be taught in the ensuing semester which is reviewed by the Head of the department /Coordinator (DI / R-TLip/TLP/01).

6. Implementation:

6.1 Log Book/ Teacher Dairy: As the teacher implements the plan through the delivery of the topics, a record is maintained in the Log Book in the format (Teaching-Learning Plan Implementation Record DI / TLI-Lg/TLP/00) also known as DTR Log that specifies the day and date of the topics taught along with the Teaching Methodology & Teaching Learning Aids used Implementation Record. The References utilized by the teacher in the teaching-learning process are also enumerated. This logbook is regularly reviewed by the Head of the department /Coordinator.

6.2 Lecture Observation: At regular intervals (once a month) the Head of the Department /Coordinator monitors the actual delivery of the lecture through the Lecture Observation process and records the same in the Lecture Observation Report. Observations with regards to Content Delivery, Teaching Aids / Methodology, Class Control, Communication Skills, Overall Impact, and other observations and suggestions are recorded and shared by the Head of the Department/Coordinator with the teacher thereby giving ample scope for improvement.

7. Review: Through regular departmental meetings the teaching-learning process is reviewed at regular intervals so as to ensure the proper qualitative completion of the syllabus. The departmental plan charted at the beginning of the semester is also reviewed. The gaps in the implementation are constantly kept under check and control.

A Competency-Based Matrix charts the needed competencies in all faculty and the Individual Training Record is maintained in order to upgrade the competencies of the staff every year.

In addition to the above process, IQAC has been facilitating the teaching-learning process and has been successful in the following venture this year.

- The Daily Teaching Report is maintained in an Excel spreadsheet shared with all teachers.

## EXTRA CURRICULAR ACTIVITIES

It gives students a platform to express themselves in a healthy manner since they are in adolescence stage. These activities help them to channelize their energies in the right direction like developing organizing skills, event management, exposure to different cultures and application of knowledge. It also helps them to socialize and network at a young age. They learn to accept failures and embrace their achievements with the right team spirit.

In today's competitive environment it is very important for a student to excel in studies as well as in co-curricular activities. The traditional method of learning doesn't meet the required expectation of the corporate world. Learning methods in modern era accepts the pattern of theoretical as well as practical knowledge.
